

Thomas Regout welcomes you to their brochure. Our many years of experience, have made us an international player in the market of window decoration. Our business consists of the development, production and trade of curtain hardware.

Our diverse product range offers you an extensive choice in aluminium and steel curtain tracks, curtain poles and accessories. We continuously update our program of aluminium profiles and decorative curtain hardware with innovations and improvements.

Thomas Regout offers you an integrated total solution, developed and selected by our team of professionals. The aim of this brochure is to provide you with all the necessary product information to help you choose the right products for your specific needs.

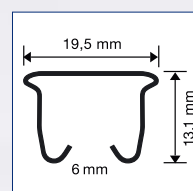

Partnership, Flexibility, Innovation and Exclusivity is the guide for our company. With our product program and high service level we are able to serve the different market segments like the Professional, Wholesale, Retail and Do It Yourself, Healthcare, Hospitality, Office, Automotive, Aviation and Navigation market. We have a strong focus on adding value for our customers. Our ambition is to be the best choice for customers who are looking for a partner in realizing business challenges and opportunities.

Thanks to over 175 years of experience, we have been in the position to grow and learn from year to year to the company we are today: a reliable partner for our customers, able to co-design new applications, offering a huge range of possible solutions, an ability to deliver in low to high quantities of customized products and young from spirit in innovations and attitude. High flexibility, short time to market and cost effectiveness beyond our products, are our key values.

We can serve our customer with the highest standard of certificates like the ISO/TS 16949, ISO 9001:2000 and the environmental ISO 14001.

Thomas Regout B.V. is a Regout Group company which exists of a group of companies and employs over 400 employees and has a total turnover of more than 50 Million Euro. The Group offers a wide range of competences ranging from customer specific engineering, after sales service and trade to a high level of quality and innovation.

Our goal is to stay your global existing partner in business for the next 175 years.
